

A MESSAGE FROM BRENDA TATE

Serving Lee, Collier, Charlotte, Hendry and Glades Counties

Brenda Tate, CEO

Dear ,

When we introduced our Earn to Learn FL™ initiative, we knew it had the power to create a life-long impact. After all, helping our next generation become financially independent is something that benefits our entire community. But talking about statistics and numbers often fails to convey the impact of your support on the lives of each of our students. That's why we've decided to share some of their stories with you (see video below)

Our goal for 2019 is to continue assisting Earn to Learn FL™ students on their journey towards financial security. Our waitlist is growing, and we need your help to bring more hardworking students into the program to graduate on time with minimal debt.

Here's What You Need to Know About Our Students

The students on our waitlist are employed, are from Florida, have been accepted to an accredited academic institution or trade school, and qualify for Earn to Learn FL™ because their household income is below a specific threshold. Many are single parents, caretakers, first-generation students, or are young adults who receive no financial support from their parents. Some are as young as 20 years old and are the primary breadwinners for their families. They face significant barriers to starting and completing post-secondary education and for many of them, the time and cost of an education is prohibitive without a shared risk form of financial aid like Earn to Learn FL™.

Your donation of any amount will help more hardworking students graduate on time, with minimal debt and with money management skills. Will you help us get every student off the Earn to Learn FL™ waitlist?

Remember, Earn to Learn FL™ students also match your donation with savings from their earnings.
Students Save \$500 + We Match \$4,000 = \$4,500 in student aid!!!
